WORK EXPERIENCE

Sports Athlete

[Houston Rockets](#)

📅 2022 - current

📍 Houston, TX

- Monitored heart rate and aerobic activity using Fitbit, leading to a **27% improvement in cardiovascular endurance**, maintaining utmost energy levels in games.
- Engaged in rigorous and simulated game situations using STRIVR, cutting back 43% of events related to performance drops during high-stress moments.
- Implemented a 17-minute Headspace routine before games, enhancing focus by 22% during the first quarter, as measured by reduced turnovers and increased assists.
- Reduced personal injury occurrences by 14% by using data from Qualisys which helped in recognizing risky movements during practice and games.

College Athlete

[University of Texas](#)

📅 2020 - 2022

📍 Austin, TX

- Incorporated MyFitnessPal to track the team's nutrition, resulting in an 18% increase in overall team stamina and fitness levels.
- Leveraged Physitrack's analytics to identify and avoid potential injury risks, **reducing the team's injury rate by 32%** over one season.
- Oversaw the team's schedule on TeamSnap, lowering instances of scheduling conflicts by 37% and ensuring maximum attendance.
- Analyzed game footage and statistics using Hudl to execute game strategies, contributing to a 12% boost in team scoring.

Delivery Driver

[Amazon](#)

📅 2019 - 2020

📍 Austin, TX

- Navigated rural and complex areas using Garmin GPS, improving on-time delivery rate during rush hours by 26%.
- Exceeded personal record of deliveries during Amazon's Prime Day and holiday seasons, handling up to 211 packages every day.
- Demonstrated physical fitness through Peloton workouts, capable of **handling packages up to 74 lbs** without any assistance.
- Managed delivery schedule according to weather changes and emergencies, cutting instances of service delays by 24%.
